BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORTING (Contd.)

- **Communities**

We have a formal Community grievance management process which defines the process that must be followed when written or verbal complaints/grievance are received relating to our own operations and/or Contractors. The process is to ensure that complaints/grievances are managed in a culturally sensitive, respectful, timely, and consistent manner. In addition, our HR personnel take on-site feedback and suggestions on issues that are of concern to communities and these issues are resolved at the earliest. Through this mechanism all community grievances are received, acknowledged, assessed, assigned, investigated and responded.

- **Investors and Shareholders**

We have a well-established investor grievance mechanism to respond to and redress investors'/ shareholders' grievances.

- **Employee and Worker**

Our organisation has established grievance redressal procedures for our employees and workers. Furthermore, our senior management team holds an annual communication meeting, providing them with a platform to express any concerns they may have.

- **Customer**

Mitsu Chem Plast Limited (also referred to as 'Mitsu Chem Plast' or 'The Company') customer complaints mechanism addresses product, quality, service, warranty, and related grievances. All customer complaints are received, recorded, investigated and appropriate actions are taken as defined in our Quality Management System. Directors and marketing manager are responsible for handling of customer complaints. All HOD's are responsible for determination and implementation of Corrective Action. We have annual KPIs and targets on reduction in customer complaints.

- **Value chain partner**

Grievances from value chain partners are handled formally in accordance with the supplier code of conduct and the specific terms and conditions of each individual contract. Additionally, by regularly engaging with suppliers and channel partners through events like the annual channel partners meet amongst others, we identify and handle any concerns or complaints they may have. We present these issues to relevant decision makers who work to resolve them within appropriate timelines.

Governance, leadership and oversight

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

As the director of Mitsu Chem Plast Limited, I am proud to present our latest **Business Responsibility and Sustainability Reporting (BRSR)** report. This report showcases our dedication to sustainability and social responsibility in all aspects of our operation.

Mitsu Chem Plast strongly believe in the importance of Environmental, Social and Governance (ESG) considerations in business. In this day and age, it is no longer enough to only focus on financial returns. The impact of business activities on the environment, society and governance practices are equally important and cannot be ignored.

Mitsu Chem Plast believe that businesses have a responsibility to operate in a way that benefits not only their bottom line but also the planet and society as a whole. We have taken many steps to ensure that we are minimiseng our environmental impact, treating our employees fairly, and contributing positively to our community.

In our sustained efforts to improve our sustainability performance & drive a positive change in society at large, we have taken measures to ensure responsible sourcing of input materials from our suppliers.

We have also engaged with our critical suppliers to further our goal of Supplier sustainability & integrate sustainability throughout our value chain.

We have made our production processes more efficient by increasing resource use efficiency of our processes through measures such as energy efficiency rain water harvesting, cutting down on waste disposal by increasing PCR material input into our production processes & circular economy principles.

Additionally, our R&D strategy is focused on optimiseng our products for increased material efficiency and reduced environmental impacts.

In terms of social responsibility, we are proud to have implemented policies that promote diversity and inclusion in our workforce, as well as providing competitive wages and benefits for our employees. We have also prioritised giving back to our community through charitable and volunteer opportunities.

Mitsu Chem Plast believe that responsible business practices are not only the right thing to do but also critical to the long-term success of our organisation.

While we are pleased with the progress we have made thus far, we recognise that there is always more work to be done. We are committed to continuing to improve our sustainability and social responsibility initiatives and to holding ourselves accountable to our values.

Overall, this BRSR report reflects our commitment to being a responsible and conscientious corporate citizen, and we hope to inspire others in our industry to do the same.

I am proud of the efforts that our organisation Mitsu Chem Plast has made in sustainable business practices, and we will continue to work towards building a more sustainable future for all.

LEADERSHIP INDICATORS

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Company has a Stakeholder Relationship Committee in place to ensure that an effective self-regulatory mechanism exists to protect the interest of various stakeholders. Stakeholder concerns are regularly reported to the committee for consideration, while the Company's policies and actions are shared as input for the stakeholders. The concerns identified and are resolved to the satisfaction of the shareholders.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, Mitsui Chem Plast strives to awaken in its employees, customers, investors, and other stakeholders including the larger society, a spirit of responsibility to the society, the environment, the governments, in the regions where it works and contributes, and to the future generations. Stakeholder engagement is a formal process and feedbacks / suggestions received are considered for incorporation in policies and procedures.

To power the Company's progress sustainably, Mitsui Chem Plast Limited aligned its business operations and manufacturing processes to global best practices. To ensure that Mitsui Chem Plast Limited creates the best possible outcomes through its efforts, the Company focuses on the issues that are most important or material to its stakeholders and the business.

Material issues are those that have a direct or indirect impact on an organisation's ability to create, preserve or erode economic, environmental, and social value for itself, its stakeholders and society at large. To identify material issues, the Company conducted a materiality assessment. The resultant topics included those that concern key stakeholder groups and those that the Company can control and influence. The process of the assessment required Mitsui Chem Plast Limited to

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORTING (Contd.)

gather inputs from a diverse group of internal and external stakeholders including employees, customers, local communities, investors etc. These inputs were benchmarked with internal understanding of global and sectoral trends, major social issues, business model, regulatory requirements, and those of well-established sustainability standards. Finally, the issues that emerged were evaluated for impact on Mitsu Chem Plast Limited as well as impact on stakeholders. The Company has since modified its policies, introduced some more policies & procedures to address these material issues. The Company has also developed key performance indicators regarding the same material issues. A defined set of goals & targets are also in place to positively impact all material issues.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalised stakeholder groups.

The Company's Corporate Social Responsibilities (CSR) initiatives aim to improve the lives and livelihoods of underprivileged, marginalised, and vulnerable communities near its operating facilities. Periodic on-site discussions are held by our CSR personnel to gather feedback and suggestions on issues concerning the communities, which are then addressed promptly. These initiatives, which are led by the Mitsu Foundation, cover the following:

Eradication of hunger:

Our team recently undertook a Grain Distribution drive to provide a month-long supply of groceries to underprivileged families. This initiative was aimed at addressing the immediate needs of families who are struggling to make ends meet.

Our Commitment towards the wellbeing of communities is unwavering.

One of our major objectives is to play a substantive role in eradicating hunger and poverty in rural areas.

As a part of our endeavors, our team recently distributed a month long supply of groceries to underprivileged families. We covered villages such as Talavali, Washivali, Lohop, & Dandwadi Adivasi pada.

Promotion of Health Care & Camps at affordable cost:

Our team, in collaboration with the Shree Bhojay Sarvoday Trust Hospital, Kutch successfully organised the "Gynaecological Surgical Camp 2023" with remarkable participation by women.

The event was facilitated by a dedicated team, led by esteemed doctors, along with expert anaesthetists.

It proved to be an impactful initiative in the critical domain of women's health. We express our appreciation to everyone who contributed to its success, as we look forward to further endeavors to make a meaningful difference in society in alignment with our societal commitment.

Promotion of Sports:

Mitsu is glad to play a minor role in Jash Modi's, dream to represent India in table tennis and win gold in Olympics.

At a very young age Jash won several competitions at state, national and even International level tournaments.

We are looking forward to watch him break records and Make India proud!

Rural Area Development:

Mitsu is proud to be a part of Global Kachchh - Kutch, Bhuj Initiative, a people's movement initiated by KRIDA (Krishi Research Innovation and Development Association) and GVT (Global Vikas Trust) to find a long-term, sustainable solution to Kutch woes.

Promoting Health Care Including Preventive Health Care:

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Mitsu Chem Plast Limited prioritises upholding and safeguarding human rights and we have a zero-tolerance policy towards any violations related to human rights. Guidelines incorporated in the Code of Conduct & Ethics, as well as HR policies and processes specifically address this subject.

To ensure that human rights are respected across the organisation, we have put in place a process through which incidents of human rights violations can be reported. Such incidents are thoroughly investigated by Human Resource Head and based on the seriousness escalated to senior management.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Mitsu Chem Plast Limited considers human rights to be a fundamental and essential value. We endeavour to uphold fair and ethical business and employment practices by supporting, safeguarding, and advocating for human rights. We have a strict policy of zero tolerance towards all forms of slavery, forced labour, child labour, human trafficking, and any kind of physical, sexual, psychological, or verbal abuse.

To demonstrate this dedication, we have implemented a range of human rights policies such as No Harassment at Workplace, Equal Opportunity for Employment and Diversity, Prevention of Child Labour, Discrimination and Equal opportunities, and Prevention of Sexual Harassment.

The mechanisms for redressing grievances concerning human rights are implemented through the following policies:

Grievance Redressal Mechanism: Mitsu Chem Plast Limited has established a policy to address concerns and to foster a healthy and cohesive work culture among Mitsu Chem Plast Limited employees. Through mutual trust and timely grievance resolution, this policy strives to improve employee and organisational performance. The policy provides a systematic procedure for addressing grievances, and amicable and speedy remedies for all employees.

Prevention of Sexual Harassment Policy (POSH): The Management has formed an Internal Complaints Committee (ICC) to investigate and resolve complaints of sexual harassment.

6. Number of Complaints on the following made by employees and workers:

Wages	0	0	0	0	0	0
Other human rights related issues	0	0	0	0	0	0

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

We also have a zero-tolerance policy towards harassment of any employees in the workplace. Employees are strongly encouraged to report any incidents of

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORTING (Contd.)

harassment to the appropriate person. Upon reporting, a thorough investigation will be conducted, and appropriate action taken.

In addition, at Mitsu Chem Plast Limited we prohibit any form of retaliation against an employee, potential employee, or former employee who makes a complaint or report of harassment in good faith or participates in the investigation. Any employee who retaliates or harasses any individual for reporting a claim of harassment or cooperating in the investigation will face disciplinary action.

An Internal Complaints Committee that operates independently has been set up to address complaints of sexual harassment. This committee provides safeguards to protect employees from victimisation. The members of the committee aim to resolve grievances in a peaceful and conciliatory manner. The complaints we receive are anonymised to ensure that the complainant's identity is not revealed.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Volatile organic compounds (VOC)	-	-	-
Hazardous air pollutants (HAP)	-	-	-

*PM mentioned as PM10 and PM2.5

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

These stack monitoring tests are conducted by MOEF approved & NABL Accredited labs.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) and its intensity, in the following format:

Parameter	Unit	2022-23 (Current Financial Year)	2021-22 (Previous Financial Year)
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tons of CO ₂ equivalent	435.59	632.33

Parameter	Unit	2022-23 (Current Financial Year)	2021-22 (Previous Financial Year)
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tons of CO ₂ equivalent	11,978.47	11,474.51
Total Scope 1 and Scope 2 emissions per crore of turnover		40.18	46.98

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, Independent assessment / assurance has not been carried out for our sustainability disclosures.

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

As part of our endeavor to constantly seek opportunities to reduce our energy consumption and carbon footprint the following measures were taken in 2022-23:

- ❖ Implementation of 'Theory of constraint' a scientific management practice for productivity improvement and energy conservation.
- ❖ Installation of energy efficient equipment and technological equipment to save energy.
- ❖ Addition of controller in machine, to switch-off automatically during idle load, which saves power consumption.
- ❖ Installed Harmonic Filter for reducing power factor & conversion.
- ❖ Replaced all Metal Halide lights, Sodium Vapor Lights, PLC power lights with LED lights and motion sensor lights.
- ❖ Used transparent Polycarbonate sheets for roofing at workplace for natural light penetration and increase in day lights for plants.

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Mitsu Chem Plast has implemented a waste classification system to manage the disposal and recycling of waste materials. We prioritise recycling and timely disposal of waste, using third-party contractors for controlled disposal. Solid waste is categorised into recyclable & Non-recyclable non-hazardous, and the team follows established procedures to collect and store waste in designated bins. The production plant has a temporary storage area for solid waste, with relevant signs and measures in place to prevent pollution and leakage.

All our three plants have green consent to operate from the Maharashtra Pollution control board. We do not generate any Hazardous waste at our sites. All Non-hazardous waste including scrap paper, plastic packaging, and metals, are forwarded to authorised recyclers.

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORTING (Contd.)

- a) **Plastics:** Only authorised recyclers receive the plastic waste that is generated. Plastics recycling, particularly packaging recycling, is underway as part of the plastic waste management standards.
- b) **E-waste:** We comply with E-waste regulations by ensuring that the E-waste generated is only sent to authorised recyclers.
- c) **Metal waste:** We send all our scrap metal to recyclers and keep records of the waste in a waste registry.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

ESSENTIAL INDICATORS

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Mitsu Chem Plast has a defined mechanism to receive and respond to consumer complaints and feedback and the same is recorded for reference and review purposes. Various team members are involved at different stages to handle consumer concerns including members from sales, marketing, quality and production.

Complaints are received via verbal/written/email mode of communication. The complaints are then registered, and the root cause is identified. Furthermore, a determination of correction and corrective action is taken. Corrective action taken is intimated to the customer and review/feedback is taken.

Lastly, the effectiveness of corrective action is taken to understand the satisfaction of the customer which is followed by closing of that particular query.
