”

Dear Shareholders,

I am writing to you amidst the uncertain times of the global pandemic caused by Covid-19. I sincerely hope that you, your families and loved ones are safe and healthy and taking due care. Our top-most priority during these times has been the safety of our workforce. With a long-term view on maintenance, one of the critical tasks was to ensure continuity of operations in all our projects. We engaged with our customers on a regular basis and ensured smooth conduct of all the maintenance activities in the projects. Complying to the safety measures as per the Government norms, our plants were running to a capacity of 30% and 40% in the months of April and May, respectively.

After completing the mandatory two years' listing requirement, along with all other statutory capital requirements, it gives me immense pleasure to inform you that your Company has migrated to the main board of BSE platform. With this, your Company's shares are now available for trading on the main platform of BSE, since 27th May 2020. We are sure this will improve liquidity and bring in a new set of investors to the Company's fold.

Financially, we reported net revenues of ₹ 13,854.83 Lakhs, EBITDA of ₹ 1,617.50 Lakhs and PAT of ₹ 397.51 Lakhs, an increase of 11.06%, 49.71% and 10.74%, respectively. On the Operations front, we continued to believe in the policy of Customer first, enabling us to focus on quality product, timely delivery and commitment. These have been the mainstay of our success for the last 30 years and I am sure we will continue the same in future as well.

During the year, we successfully completed the expansion of our new facility at Khalapur, Maharashtra; we expect the benefits of the increased capacity to accrue from the FY 2020-21. Our continued focus on product innovation and customer satisfaction has enabled us to add new customers during the year and achieve new milestones. In the month of February this year, our 'Mitsu Spine Board (stretcher)' won an award in the SME Healthcare category at The Economic Times Polymer Award 2020.

We strengthened our Board representation, by inducting Ms. Neha Uddar as Non-Executive Independent Director. She is a qualified Chartered Accountant with more than 35 years of experience and has worked with Reliance Industries, Reliance Foundation and Thirumalai Chemicals Ltd, in the past.

Our talented team of employees will be the key driver of all our initiatives going ahead. I am deeply grateful to the team of Mitsu for their tireless efforts and sincere commitment towards taking forward the organisation's vision of running the business in a transparent and sustainable manner.

I, along with my entire leadership team, would like to thank our esteemed Board members, valued customers, joint venture partners, shareholders, business associates, suppliers and all other stakeholders, for their continued support and encouragement.

Best Regards,
Jagdish Dedhia
(Chairman & Whole-time Director)

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013.

The following Explanatory Statement sets out all the material facts relating to the Special Business under Item No. 4 to 7 of the accompanying this Notice.

Item No. 4 & 5:

M/s. P. V. Dalal & Co., Chartered Accountants, (Firm Registration No. 102049W) were appointed as Statutory Auditors to hold office from the conclusion of the 29th AGM of the Company until the conclusion of the 34th AGM, subject to ratification of their appointment by the shareholders at every AGM. However, they expressed their inability to continue as Statutory Auditors of the Company up to the conclusion of their appointment period vide their letter dated May 14, 2020 due to the expanded scale and scope of operations of the Company's three (3) manufacturing units situated at different locations resulting into a high devotion of time and engagement of number of experienced persons, resulting into a casual vacancy in the office of Statutory Auditors of the Company.

In view of above, the Board of Directors ("Board") appointed M/s. Gokhale & Sathe, Chartered Accountants (Firm Registration No. 103264W) as Statutory Auditors of the Company to fill the casual vacancy caused by the said resignation effective from April 1, 2020 till the conclusion of this AGM.

Further, the Board at their meeting held on June 29, 2020 after considering the experience and expertise, has recommended appointment of M/s. Gokhale & Sathe, Chartered Accountants as Statutory Auditors of the Company to hold office for a tenure of 5 (five) consecutive years from the conclusion of this AGM till the

conclusion of the 37th AGM of the Company at such remuneration plus applicable taxes, and out of pocket expenses, as may be determined and recommended by the Audit Committee in consultation with the Auditors and duly approved by the Board of the Company.

The Company has received consent letter and eligibility certificate from M/s. Gokhale & Sathe to act as Statutory Auditors of the Company, along with a confirmation that, their appointment, if made, would be within the limits prescribed under the Companies Act, 2013. They have further confirmed that they are not disqualified to be appointed as the Statutory Auditors in terms of the Companies Act 2013 and the rules made thereunder.

The Board recommends the Resolutions set out at Item No. 4 & 5 for approval by the Members.

None of the Directors, Key Managerial Personnel and/or their relatives are in any way concerned or interested, financially or otherwise in the said resolutions.

Item No. 6:

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company appointed Ms. Neha Huddar as an Additional Director pursuant to the provisions of Section 161 of the Companies Act, 2013, to hold office as an Independent Director of the Company for a tenure of 5 (five) consecutive years w.e.f. February 1, 2020. The Company has received a notice in writing under Section 160(1) of the Act, from a member proposing the candidature of Ms. Neha Huddar, for the office of Independent Director of the Company.

ANNEXURE TO NOTICE (Contd.)

Brief Profile of Ms. Neha Huddar is provided in the Annexure to the Notice pursuant to the provisions of the listing regulations and Secretarial Standard -2 on General Meetings, issued by the Institute of Company Secretaries of India.

The Company has also received declaration from Ms. Neha Huddar that she meets the criteria of independence as prescribed both under Section 149(6) of the Act.

The Board considered Ms. Neha Huddar's skills, experience and knowledge and is of the view that the appointment of Ms. Neha Huddar on the Company's Board as Independent Director is desirable and would be of immense benefit to the Company and hence it recommends the said Ordinary Resolution at Item No. 6 for approval by the Members.

Except Ms. Neha Huddar, none of the Directors, Key Managerial Personnel and/or their relatives are in any way concerned or interested, financially or otherwise in the said resolution.

Item No. 7:

In order to align the Articles of Association

(AOA) in conformity with the Companies Act, 2013 including the Rules/Regulations made thereunder and Table F thereto, your Directors desires to replace and substitute the existing AOA of the Company, with new set of AOA, which is drafted in alignment with the provisions of the Companies Act, 2013 and Table F to the Act, which sets out the model AOA, for a company limited by shares.

The Board of Directors in their meeting held on August 7, 2020 proposed adoption of a new set of AOA in replacement and substitution, of the existing AOA, with new AOA, subject to the approval of the members of the Company, by way of a special resolution, as required under Section 14 of the Act. The new AOA is available on the website of the Company i.e. www.mitsuchem.com.

The Board recommends the Resolution at Item No. 7 for approval by the Members.

None of the Directors, Key Managerial Personnel and/or their relatives are in any way concerned or interested, financially or otherwise in the said resolution.

MANAGEMENT DISCUSSION ANALYSIS REPORT

INDIAN ECONOMY

The Indian economic growth softened to 4.2% in 2019-20 compared to 6.8% in 2018-19. The decline was due to muted private consumption, a contraction in manufacturing and sluggish investments. The Government of India announced a series of counter-cyclical measures to revive the economy, with the Reserve Bank of India (RBI) complementing with an accommodative policy stance for most parts of the year. However, as India geared up for its recovery, the economy was struck by Covid-19.

The outbreak of Covid-19 further led to slowdown of the Indian economy. A nationwide lockdown was imposed by the Government of India to break the chain of transmission, bringing all economic activities at halt. Further, various measures like 'Vocal for Local', 'Atmanirbhar Bharat' for boosting liquidity and confidence in the economy were undertaken by the Government.

OUTLOOK

FY 2020-21 began with a shock as it started off on an unprecedented note with complete lockdown implemented in India. However, this immediate lockdown across the nation helped India in minimising the impact of virus, given the fact that India is the second most populous nation in the world. In anticipation of the worsening crisis, a stimulus package of ₹ 20 lakh crore was introduced by the Government, and also various structural reforms were made. This helped the economy sustain an unprecedented shock and avoid a sudden tumble. In order to enhance the pace of recovery and minimise the impact of Covid-19 on the economy, the RBI announced a slew of measures to infuse liquidity in the system and keep interest rates lower for longer.

Further, the unlocking of lockdown initiated by the Government is expected to bring back the growth on track much faster than expected.

ANNEXURE-IV (Contd.)

Over the last few decades, the demand for and usage of plastics in several industries has increased tremendously. India's per capita consumption is 13 kilogrammes compared to the United States, where it is the world's highest at 108 kilogrammes. Growing population coupled with rapid urbanisation and industrialisation along with rising demand from packaging sector, which includes containers, bottles and plastic films is anticipated to drive the demand for plastics. Further, to improve fuel efficiency and eventually reduce carbon emissions, have further encouraged the use of plastics as a substitute to metals.

ANNEXURE-V (Contd.)

Commodity Price Risk / Foreign Exchange Risk and Hedging activities

Price risk

Price risk is the risk that the profits and cashflows will fluctuate because of changes in the market prices. The Company is exposed in the ordinary course of its business to risks related to commodity prices.

The Company seeks to minimize the effects of these risks by continuous monitoring and using derivative financial instruments to hedge risk exposures, wherever permissible and cost effective. The Company does not enter into or trade financial instruments, including derivatives for speculative purposes.

Foreign currency risk management

The Company's functional currency is Indian Rupees (INR). The Company undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. Volatility in exchange rates affects the Company's revenue from export markets and the costs of imports, primarily in relation to raw materials.

The Company seeks to minimize the effects of these risks by continuous monitoring and using derivative financial instruments to hedge risk exposures, wherever permissible and cost effective. The Company does not enter into or trade financial instruments, including derivatives for speculative purposes.

Independent Auditors' Report

To the Members of MITSU CHEM PLAST LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS OPINION

We have audited the accompanying standalone financial statements of Mitsu Chem Plast Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the

Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

EMPHASIS OF MATTER

The Company has adopted measures to curb the spread of infection in order to protect the health of the employees and ensure business continuity with minimal disruption. The Company has considered external and internal information in assessing the impact of COVID 19 on its financial statements, including recoverability of its assets as at Balance Sheet date. As per the Company's current assessment there is no significant impact on carrying amounts on financial assets is expected, and the Company continue to monitor changes in future economic conditions.

Our opinion is not modified in respect of this matter.

Independent Auditors' Report (Contd.)

KEY AUDIT MATTERS:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor Response
1.	<p>ADOPTION OF IND AS:</p> <p>As stated in Note No. 2.6 to the standalone financial statements, the Company has adopted IND AS during the year. The application and transition in IND AS is complex and is an area of focus as the key matter in our audit of the Company.</p>	<p>Our audit procedures on adoption of IND AS includes:</p> <ul style="list-style-type: none"> - Assessed and tested new process and controls in respect of transition in IND AS - Assessed the Company's evaluation in the identification of transition process - Evaluated the method of transition and related adjustments - Assessed and tasted the presentation and disclosures relating to transition in IND AS
2.	<p>Capital Expenditure:</p> <p>The Company has incurred a capital expenditure onward purchase / construction of tangible / intangible assets amounting to ₹ 710.92 Lakh (₹ 1.11 Lakh capital work in progress) during the financial year.</p> <p>Considering that this amount is substantial and error in measurement can lead to the material impact on carrying amount of tangible fixed assets as well as profit for the year we have considered this as a key audit matter.</p>	<ul style="list-style-type: none"> • Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around measurement of capital expenditure • Assessment of deviations from budgeted expenditure, if any and enquiry into reasons thereof. • We undertook substantive audit procedures to test whether any revenue expenditure is classified as capital expenditure or capital expenditure is classified as revenue expenditure. • We tested the adherence to Accounting Standard 10 "Property, Plant & Equipment" to verify accuracy of measurement of expenditure and adequacy of disclosures made.

Independent Auditors' Report (Contd.)

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are

Independent Auditors' Report (Contd.)

appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that,

individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditors' Report (Contd.)

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit we report that:

- 1) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- 2) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- 3) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- 4) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- 5) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- 6) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial

- 7) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- 8) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial.

Independent Auditors' Report (Contd.)

- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the order.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Mitsu Chem Plast Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Annexure "A" to the Independent Auditor's Report (contd.)

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur

and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory

Requirements section of our report to the Members of Mitsu Chem Plast Limited for even date)

i) In respect of company's Fixed Assets:

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets on the basis of available information.
- (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds / registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and disclosed as fixed assets in the standalone financial statements, the lease agreements are in the name of the Company.

ii) In respect of Inventories:

- (a) As explained to us, the inventory has been physically verified by the management at regular intervals during the year.
- (b) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of inventory, the Company has maintained proper records of inventory and there were no material discrepancies noticed on physical verification of inventory as compared to the book records.

iii) In respect of loans, secured or unsecured, the Company has not granted to companies, firms or other parties covered in the register maintained under section 189 Of the Companies Act. The Company has not granted any loans therefore sub clause (iii) (a), (b), and (c) are not applicable.

iv) According the information and explanations given to us, the Company has complied with the provisions of section 185 & 186 of the Act in respect of loans, investments, guarantees and securities.

v) The Company has not accepted deposits, therefore the clause (v) is not applicable.

vi) We have broadly reviewed the cost record maintained by the Company pursuant to the Rules made by the central government for the maintenance of cost record under sub sec (1) section 148 of the Companies Act, and are of opinion that prima facie,

Annexure 'B' to the Independent Auditor's Report (Cond.)

the prescribed cost record have been made and maintained as per the documentary evidence provided by the management. We have, however not made a detail examination of the record with a view to determining whether they are accurate or complete.

vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident

Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.

(c) Details of dues of Income Tax which have not been deposited as at March 31, 2020 on account of dispute are given below:

Nature of the Statute	Nature of the Dues	Forum where dispute is pending	Period to which amount is relates	Amount (₹)
The Income Tax Act, 1961	Income Tax	CIT Appeal	F.Y. 2017-18	93125.00

viii) Based on our audit procedures and on the basis of information and explanations given to us by the management, the Company has not defaulted in the repayment of dues to bank, financial institution and debenture holders during the year.

ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) and hence reporting under clause 3 (ix) of the Order is not applicable to the Company.

x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported

during the year that causes the financial statements to be materially misstated.

xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

xii) The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.

xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section

Annexure 'B' to the Independent Auditor's Report (Cond.)

177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.

xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Notes

Forming Part of the Financial Statements

NOTE 1 COMPANY OVERVIEW

Mitsu Chemplast Limited ("the Company") was incorporated in India in the year 23rd September, 1988 having its registered office at Mumbai, Maharashtra.

The Company is a leading manufacturer of a wide range of products in the blow moulding, injection moulding and also customised moulding (combination of processes) catering to specific customer needs. The Company caters to both domestic and international markets. The Equity Shares of the Company are listed on the Indian Stock Exchanges (Bombay Stock Exchange/National Stock Exchange).

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013

Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss for the year ended March 31, 2020, the Statement of Cash Flows for the year ended March 31, 2020 and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as 'Standalone Financial Statements' or 'financial statements').

2.1 Basis of preparation of financial statements

The separate financial statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis as per the provisions of the Companies Act, 2013 ("the Act"), except for:

- Financial instruments – measured at fair value;
- Assets held for sale – measured at fair value less cost of sale;
- Plan assets under defined benefit plans – measured at fair value
- Employee share-based payments – measured at fair value
- In addition, the carrying values of recognised assets and liabilities, designated as hedged items in fair value hedges that would otherwise be carried at cost, are adjusted to record changes in the fair values attributable to the risks that are being hedged in effective hedge relationship.

2.2 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle.
- It is held primarily for the purpose of being traded;

Notes

Forming Part of the Financial Statements (Contd.)

- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.
- All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.
- All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current only.

The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing

accounting standard requires a change in the accounting policy hitherto in use.

The Standalone Financial Statements have been presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest rupee, unless otherwise stated.

2.3 Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

This note provides an overview of the areas where there is a higher degree of judgment or complexity. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation.

Estimates and judgments are regularly revisited. Estimates are based on historical experience and other factors, including futuristic reasonable information that may have a financial impact on the Company.

2.4 Estimation of uncertainties relating to the global health pandemic from COVID-19

The COVID-19 pandemic is an evolving human tragedy declared a global pandemic

Notes

Forming Part of the Financial Statements (Contd.)

by the World Health Organisation with adverse impact on economy and business. COVID19 is significantly impacting business operation of the companies, by way of interruption in production, supply chain disruption, unavailability of personnel, closure/lockdown of production facilities etc. On March 24, 2020, the Government of India ordered a nationwide lockdown for 21 days which further got extended till May 03, 2020 to prevent community spread of COVID-19 in India resulting in significant reduction in economic activities.

In assessing the recoverability of Company's assets such as Investments, Loans, intangible assets, Trade receivable etc. the Company has considered internal and external information. The Company has performed sensitivity analysis on the assumptions used basis the internal and external information/indicators of future economic conditions, the Company expects to recover the carrying amount of the assets.

2.5 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements is as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

(A) Property, Plant and Equipment

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax

authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shut-down and overhaul expenditure is capitalised as the activities undertaken improves the economic benefits expected to arise from the asset.

It includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy based on Ind AS 23 – Borrowing costs. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use.

Property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress"

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets"

Notes

Forming Part of the Financial Statements (Contd.)

Subsequent expenditure and componentisation

Parts of an item of PPE having different useful lives and significant value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation and useful life

Depreciation is provided on a pro-rata basis on the straight-line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013

Freehold land is not depreciated.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements on transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

An asset's carrying amount is written down immediately to its recoverable amount if the

asset's carrying amount is greater than its estimated recoverable amount.

Derecognition

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

(B) Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting year, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Directly attributable costs that are capitalised as part of the intangible asset include employee costs and an appropriate portion of relevant overheads. Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Useful life and amortisation

Intangible assets with finite useful lives that are acquired separately are carried

Notes

Forming Part of the Financial Statements (Contd.)

at cost less accumulated amortisation and impairment losses. Amortisation is recognised on a straight-line basis over the useful lives of the asset from the date of capitalisation as below:

- Computer software 5-10 years

The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate is accounted for prospectively.

Derecognition

Intangible assets are derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount

The Company has elected to continue with carrying value of all its intangible assets recognised as on transition date, measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

(C) Impairment

At the end of each reporting year, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-

generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss.

Goodwill and intangible assets that do not have definite useful life are not amortised and are tested at least annually for impairment. If events or changes in circumstances indicate that they might be impaired, they are tested for impairment once again.

Forming Part of the Financial Statements (Contd.)

(D) Inventories

Raw materials

Raw materials and stores, work in progress, traded stock and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials and traded goods comprises cost of purchases.

Work in progress and finished goods

Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure. Fixed overheads are allocated on the basis of production of finished goods. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Costs of inventories are valued at lower of cost or net realisable. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Stores and spares

Inventory of stores and spare parts is valued at cost or net realisable value, whichever is lower. Provisions are made for obsolete and non-moving inventories. Unserviceable and scrap items, when determined, are valued at estimated net realisable value

(E) Revenue recognition

Sale of goods

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations. The Company recognises revenues on sale of products, net of discounts, sales incentives, rebates granted, returns, sales taxes/GST and duties. Export incentives are recognised as income as per the terms of the scheme in respect of the exports made and included as part of other operating revenue.

Revenue from sales is recognised when control of the products has transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell / consume the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract or the acceptance provisions have lapsed.

Sale of services

Income from services rendered is recognised based on agreements/ arrangements with the customers as the service is performed and there are no unfulfilled obligations.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right

Notes

Forming Part of the Financial Statements (Contd.)

to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Foreign exchange translation

The functional currency of the Company is Indian Rupees which represents the currency of the primary economic environment in which it operates.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions are generally recognised in profit or loss. Monetary balances arising from the transactions denominated in foreign currency are translated to functional currency using the exchange rate as on the reporting date. Any gains or loss on such translation, are generally recognised in profit or loss.

Exchange differences on monetary items are recognised in Statement of Profit and Loss in the year in which they arise.

(F) Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business

Notes

Forming Part of the Financial Statements (Contd.)

combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or

to realise the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT)

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the set-off of previous years Losses, if any. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with it will fructify.

(G) Borrowing costs

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets is capitalised as part of such assets. A qualifying asset is one that necessarily takes substantial period to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing

Notes

Forming Part of the Financial Statements (Contd.)

costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Borrowing cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

(H) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Provisions are measured at the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it's carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

(I) Employee benefits

Employee benefits include salaries, wages, contribution to provident fund, gratuity, leave encashment towards un-availed leave, compensated absences, post-retirement medical benefits and other terminal benefits.

Short-term employee benefits

Wages and salaries, including non-monetary benefits that are expected to be settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Post-employment benefits Defined contribution plan

Employee Benefit under defined contribution plans comprises of Contributory provident fund etc. is recognised based on the undiscounted amount of obligations of the Company to contribute to the plan. The same is paid to a fund administered through a separate trust.

Defined benefit plan

Defined benefit plans comprising of gratuity is recognised based on the present value of defined benefit obligations which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

Notes

Forming Part of the Financial Statements (Contd.)

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Short term employee benefits

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

(J) Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction

costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

(K) Financial assets

Recognition and initial measurement

The Company initially recognises loans and advances, deposits and debt securities purchased on the date on which they originate. Purchases and sale of financial assets are recognised on the trade date, which is the date on which the Company becomes a party to the contractual provisions of the instrument.

All financial assets are recognised initially at fair value. In the case of financial assets not recorded at FVTPL, transaction costs that are directly attributable to its acquisition of financial assets are included therein.

Classification of financial assets and Subsequent Measurement

On initial recognition, a financial asset is classified to be measured at –

- Amortised cost; or
- Fair Value through Other Comprehensive Income (FVTOCI) – debt investment; or
- Fair Value through Other Comprehensive Income (FVTOCI) – equity investment; or

Notes

Forming Part of the Financial Statements (Contd.)

- Fair Value through Profit or Loss (FVTPL)

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the Other Comprehensive Income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement

of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

All equity investments in scope of IND AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which IND AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, on sale/disposal the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL.

In addition, on initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so

Notes

Forming Part of the Financial Statements (Contd.)

eliminates or significantly reduces and accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains and losses arising on remeasurement recognised in statement of profit or loss. The net gain or loss recognised in statement of profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other income' line item. Dividend on financial assets at FVTPL is recognised when:

- The Company's right to receive the dividends is established,
- It is probable that the economic benefits associated with the dividends will flow to the entity,
- The dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Impairment

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous year, but determines a the end of a reporting

Notes

Forming Part of the Financial Statements (Contd.)

year that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous year, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

(L) Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL and Interest income is recognised in profit or loss.

(M) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or 'FVTPL'.

Notes

Forming Part of the Financial Statements (Contd.)

A Financial Liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition.

A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- The financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that contract basis; or
- It forms part of a containing one or more embedded derivatives, and IND

AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with IND AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'other gains and losses' line item in the Statement of Profit and Loss.

Other financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Notes

Forming Part of the Financial Statements (Contd.)

(N) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

(O) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options and buyback of ordinary shares are recognised as a deduction from equity, net of any tax effects.

(P) Segments reporting

The Company is engaged in the business of Injection Moulding and Blow Moulding plastic articles such as Industrial containers, Hospital furniture parts, and automotive components. There is no separate reportable segment in terms of IND AS-108 and hence there is no requirement of segment reporting.

(Q) Earnings per share

Basic earnings per share

Basic earnings per share is computed by dividing the net profit after tax by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share

Diluted earnings per share is computed by dividing the profit after tax after considering

the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares including the treasury shares held by the Company to satisfy the exercise of the share options by the employees.

2.6 First Time Adoption of IND-AS

(A) Explanation of transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS. The accounting policies have been applied consistently in preparing the financial statements for the year ended March 31, 2020, the comparative information presented in these financial statements for the year ended 31 March 2019 and in the preparation of an opening Notes to the Standalone Financial Statements (Contd.) Ind AS balance sheet at 1 April 2018 (the Company's date of transition). An explanation of how the transition from financial statements prepared in accordance with accounting standards notified under the Section 133 of the Act, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP) to Ind AS has affected the Company's financial position, financial performance and cash flows is set-out in the following tables and notes:

Refer Note 41 for:

Reconciliation of total equity as at 31 March 2019 and 1 April 2018.

Notes

Forming Part of the Financial Statements (Contd.)

Reconciliation of total comprehensive income for the year ended 31 March 2019.

(B) Ind AS optional exemptions

1. Deemed cost for property, plant and equipment, investment property and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets and investment property covered by Ind AS 40 Investment Properties. Accordingly, the Company has elected to measure all of its property, plant and equipment, intangible assets and investment property at their previous GAAP carrying value.

(C) Ind AS mandatory exceptions

1. Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective

evidence that those estimates were in error.

Ind AS estimates as at 1 April 2018 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- a) Investment in equity instruments carried at FVTPL or FVOCI
- b) Impairment of financial assets based on expected credit loss model.

2. Classification and measurement of financial assets and liabilities

Classification of financial asset is required to be made on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Further, if it is impracticable for the Company to apply retrospectively the effective interest method in Ind AS 109, the fair value of the financial asset or the financial liability at the date of transition to Ind AS shall be the new gross carrying amount of that financial asset or the new amortised cost of that financial liability at the date of transition to Ind AS.

NOTE 14.1 Nature & Purpose of Reserves

(a) **Securities premium reserve** : Securities premium reserve is created due to premium on issue of shares. These reserve is utilized in accordance with the provisions of the Companies Act, 2013.

(b) **General Reserve** : Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10.00% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable reserves for that year.

Consequent to introduction of Companies Act, 2013, the requirement of mandatory transfer of a specified percentage of the net profit to general reserve has been withdrawn and the Company can optionally transfer any amount from the surplus of profit or loss to the General reserve.

(c) **Retained Earnings** : Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

(d) **Items of Other Comprehensive Income**

Remeasurements of Net Defined Benefit Plans : Differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised in other comprehensive income and are adjusted to retained earnings.

an asset or a liability, the Company takes in to account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, Level 2 or Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- Level 1 : inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 : inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 : inputs are unobservable inputs for the asset or liability.

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.
- The fair values of the quoted notes and bonds are based on price quotations at the reporting date. The fair value of unquoted instruments, loans from banks and other financial liabilities, obligations under finance leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. In addition to being sensitive to a reasonably possible change in the forecast cash flows or the discount rate, the fair value of the equity instruments is also sensitive to a reasonably possible change in the growth rates. The valuation requires management to use Unobservable inputs in the model, of which the significant unobservable inputs are disclosed in Note 39(B). Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.
- The fair values of the Company's interest-bearing borrowings and loans are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

NOTE 38 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks providing an assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(A) Financial risk management

The management of the Company is responsible to oversee the Risk Management Framework for developing and monitoring the Company's risk management policies. The risk management policies are established to ensure timely identification and evaluation of risks, setting acceptable risk thresholds, identifying and mapping controls against these risks, monitor the risks and their limits, improve risk awareness and transparency. Risk management policies and systems are reviewed regularly to reflect changes in the market conditions and the Company's activities to provide reliable information to the Management and the Board to evaluate the adequacy of the risk management framework in relation to the risk faced by the Company.

The risk management policies aims to mitigate the following risks arising from the financial instruments:

- Market risk
- Credit risk; and
- Liquidity risk

(B) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market prices. The Company is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the Management and the internal auditors on a continuous basis. The Company does not enter into or trade financial instruments, including derivatives for speculative purposes.

Notes

Forming Part of the Financial Statements (Contd.)

(C) Foreign currency risk management

The Company's functional currency is Indian Rupees (INR). The Company undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. Volatility in exchange rates affects the Company's revenue from export markets and the costs of imports, primarily in relation to raw materials. The Company is exposed to exchange rate risk under its trade and debt portfolio.

Adverse movements in the exchange rate between the Rupee and any relevant foreign currency result's in increase in the Company's overall debt position in Rupee terms without the Company having incurred additional debt and favourable movements in the exchange rates will conversely result in reduction in the Company's receivables in foreign currency. In order to hedge exchange rate risk, the Company has a policy to hedge cash flows up to a specific tenure using forward exchange contracts and options. In respect of imports and other payables, the Company hedges its payables as when the exposure arises. Short term exposures are hedged progressively based on their maturity.

All hedging activities are carried out in accordance with the Company's internal risk management policies, as approved by the Board of Directors, and in accordance with the applicable regulations where the Company operates.

The carrying amounts of the Company's monetary assets and monetary liabilities at the end of the reporting period are disclosed in Note 40

(D) Credit risk management:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

Company's credit risk arises principally from the trade receivables, loans, cash & cash equivalents and financial guarantees.

Trade receivables

Customer credit risk is managed centrally by the Company and subject to established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits defined in accordance with the assessment.

Notes

Forming Part of the Financial Statements (Contd.)

Credit risk on receivables is also mitigated by securing the same against letters of credit and guarantees of reputed nationalised and private sector banks. Trade receivables consist of a large number of customers spread across diverse industries and geographical areas with no significant concentration of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables. Company has also taken insurance cover of trade receivable exposure to mitigate credit risk.

Cash and cash equivalents

Credit risks from balances with banks and financial institutions are managed in accordance with the Company policy.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks and other counterparties. The Company's maximum exposure in this respect is the maximum amount of the Company would have to pay if the guarantee is called upon.

(E) Liquidity risk management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. The Company requires funds both for short term operational needs as well as for long term capital expenditure growth projects. The Company generates sufficient cash flow for operations, which together with the available cash and cash equivalents and short term investments provide liquidity in the short-term and long-term. . The Company has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Collateral

The Company has pledged part of its trade receivables, short term investments, cash and cash equivalents and all current assets to fulfil certain collateral requirements for the banking facilities extended to the Company. There is obligation to return the securities to the Company once these banking facilities are surrendered.

Notes

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio between 30% and 70%. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

The Company monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, bank balances other than cash and cash equivalents and current investments. Company's gearing ratio at the end of the reporting period are disclosed in Note 36

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2020 and March 31, 2019.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Notes:

1. Impact of measuring Investments at Fair Value - through FVTPL

Under previous GAAP, non-current Investments were stated at cost. Under Ind AS, financial assets in equity instruments have been classified as Fair Value through FVTPL through an irrevocable election at the date of transition.

Notes

Forming Part of the Financial Statements (Contd.)

2. Impact of financial instruments measured at amortised cost

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognized in the statement of profit and loss over the tenure of the borrowing as part of the finance cost by applying the effective interest method. Under previous GAAP, these transaction costs were charged to statement of profit and loss on straight-line basis over the period of loan

Under previous GAAP, financial liabilities were initially recognized at transaction price. Subsequently, any finance costs were recognized based on contractual terms. Under Ind AS, such financial instruments are initially recognized at fair value and subsequently carried at amortised cost determined using the effective interest rate. Any difference between transaction price and fair value affects profit and loss unless it quantifies for recognition as some other type of liability.

3. Depreciation on Leasehold land and treatment of intangible assets

Leasehold land under IND-AS is depreciated over the tenure of land, also all intangible assets generated internally where benefit is no longer available to the entity have been written off and corresponding amortisation has been reversed.

4. Expected credit loss on financial assets

Under previous GAAP, provision for financial asset is recognized on specific identification method based on management assessment of recoverability of loans. Under Ind AS 109, the Company is required to apply expected credit loss model for recognizing the allowance for loans.

5. Tax impact on adjustments

Retained earnings and statement of profit and loss has been adjusted consequent to the Ind AS transition adjustments with corresponding impact to deferred tax, wherever applicable.
